

HELP!

YOUR VILLAGE NEEDS YOU

Barrington is now facing existential threats on all sides including:

- **Foxton Travel Hub**, a car park by railway station on the A10 for about **750 cars**.
- **Axis Partnership's** proposal for **1,800 new homes** at "Station Fields" Foxton.
- **Shepreth Docwra's Farm** development of **2,300 houses** west of the Barrington road.

The negative impacts to our village will be huge. We have all witnessed the buildup of traffic through the village, experienced the lack of GP provision and the recent extensive flooding on roads to and from these proposed sites.

OTHER MAJOR THREATS ARE:

1. **Thakeham's so-called "New Town" – this proposal is not going to simply "go away" – the developers will find ways to proceed – we need to keep fighting it**
2. **East West Rail** (Oxford to Cambridge) – If the southern route into Cambridge South (by Addenbrooke's) is chosen, it could pass north of Haslingfield or south via Chapel Hill. In either case local roads may be closed and significant damage to the local environment caused. It is felt that this route has been chosen by EWR without a justifiable case, but we have a chance to get them to change their minds.

ACTIONS YOU CAN TAKE:

- **Lodge your objections to the 25,000 house Thakeham plan** (See SWCAG leaflet).
- **Sign the petition at [Change.org](https://www.change.org)** demanding equal consideration be given to the northern approach to Cambridge for EWR (which they have not done).
- **Help us** with research, campaigning, leafletting, lobbying...
