7.	<p>County Cllr Kindersley reported on the following. 7.1 Cambridgeshire Chief Executive has resigned. <u>Cambridgeshire and Peterborough will now share a Chief Executive.</u> 7.2 He asked Councils views regarding using <u>Bassingbourn barracks as a reception centre to assist the current refugee situation.</u> The site would obviously have to be self-sufficient with regard to schools, healthcare etc. Whilst Councillors agreed that this would be an ideal stepping stone for some of the 20,000 the Government has committed to, long term funding might not be forthcoming and then the responsibility would fall to the local community. 7.3 Cllr Day was to attend a <u>Highways Open Day.</u> Clerk had raised again the appalling state of the footways to Bendyshe and Malthouse Ways, plus we are still awaiting the promised resurfaced stretch from Challis Pond to Boot Lane. It appeared that CCC had completed its annual cut of the path from field Barns at end of Glebe Road, and rail has been repaired on the second footbridge a Little Rivers. Clerk had received a complaint about a fallen tree which has been reported to CEMEX Quarry manager. This is apparently over a well-used path but not on an actual designated footpath. Clerk also reported a request that the Barrington sign be moved to the other side of Shepreth bridge, or a new one installed. The sign is within the actual village boundary but so are Haslingfield and Orwell entrances as well as many other villages. Clerk had ascertained from CCC that there was no set protocol for such signage but were usually linked to speed limits. Any changes to location would need to be assessed by Highways and CCC would have to carry out land searches – and would have to be within an existing speed limit. If Council wanted another sign the design, supply and installation would need to be agreed with Skanska.</p>	AD VT ALL

	<p>County Cllr Kindersley said to expect a further 25% cut to highways budget. Following discussion Council agreed to await the S106 agreement in which there is a sum of money for traffic and access measures when these issues could hopefully be included.</p> <p>7.4 Cllr Gardiner had previously circulated her report from the <u>Community Speedwatch Team</u>. Council thanked the team for their efforts. Cllr Gardiner confirmed that the busiest route was Shepreth Road, High Street and Haslingfield Road. She still has the equipment and will organise a few more watches.</p>	HG
