

BARRINGTON RESIDENTS

YOUR NHW NEEDS YOU!

As a member of NHW, we were wondering if you would consider becoming a patch rep. We have several areas of the village, which are not covered at present by a rep, including where you live. We have found that the scheme works better if the rep is living in the patch rather than else where in the village.

The task is not onerous – it is a matter of forwarding the Alert messages that you receive, to your neighbours. There may also be 1-2 people on your patch who do not own a computer who would like the e-mail printed off and popped through their letterbox. Printer cartridges/paper costs can be refunded if necessary.

Once a year we encourage the rep to visit their patch and chat to people about any concerns they may have (great way of getting to know your neighbours!) and occasionally we might ask you to deliver a leaflet but this is rare. Hopefully over time you would get to know your 'patch' and they you, which usually results in them feeling more inclined to report incidents to you or the NHW team.

If you feel you would like to take on this role please contact Jo Lauterpacht on 874442 or jo@lauterpacht.com and we can discuss it further.
